25X1A9A 7. The final case discussed by the Board was a request from Mr. []

25X1A9A [] for further deferment of his retirement until 31 July 1969 based upon compassionate reasons. [] was previously extended from July 1967. []

25X1A9A bases his request on the fact that he will receive a relatively small annuity

25X1A9A and must continue to support a son who has cerebral palsy. [] states that his medical bills for his son amount to \$500. annually in addition to all other normal expenses. The Director of Logistics, with the concurrence of the Deputy Director for Support, has recommended that the requested extension be approved based on the fact that his performance as a Chauffeur has been excellent, he occupies a continuing position, is not blocking the career progression of other employees, and would have to be replaced if he retired. The Board recommended that [] retirement date be extended until 31 July 1969 based upon compassionate reasons.

8. The meeting adjourned at 2:40 p.m.
